

CHEMRAY *corporation*

Chemray Corporation is celebrating its 50th year. 1958 to 2008!!

**Saunders Diaphragm Valves, L.J. Star Process Observation Equipment,
Chem-Pruf, Powell Safety Closure Devices**

We are excited to announce the following!

Chemray Process Solutions, based in Westmont, IL has acquired the assets of Cortec, Inc. a Wisconsin based company in Sherwood near Green Bay, WI.

Cortec, Inc. has been run by its President Richard V. Schermerhorn and has been based in Appleton and in Sherwood, Wisconsin.

Dick has been running Cortec, Inc. for the past 27 years and has built a successful business. Most would probably remember the tidbit cards that went out in mail to discuss various products and facts.

We appreciate the opportunity to carry on the Cortec, Inc. name and will provide the same products and solutions that Dick has provided to much of the Wisconsin Fox Valley. Dick will remain on as a consultant to Cortec, Inc and we wish him well in Florida and with his other business as a consultant in the concrete, building and construction Industries.

Please contact Jim Erdman with all your inquires.
